Unofficial Census and Survey of Orinda School District Planned

A survey will start in Orinda within the next few weeks to determine as nearly as possible how many pre-school age children will be of school age in approximately the next five year period, according to Joseph Sheaff, superintendent of Orinda School District.

Postcards will be mailed to every family asking parents the birthdate of their pre-school children. Those born from March 2, 1945 to March 1, 1946 will be eligible to enter kindergarten in September, 1950; March 2, 1946 to March 1, 1947 will be of school age in September, 1951; Marcoh 2, 1947 to March 1, 1948 will be kindergarten age by September, 1952; children born from March 2, 1948 to March 1, 1949 will be eligible to enter school in 1953.

Sheaff urges that all persons check the cards and return them whether they have children or not as an "unofficial census" and information guide for future use. Parents are especially urged to return the cards as soon as possible as an aid to the school district in anticipating the future needs of Orinda school system.

There has been one registration already of those children who will enter school this Fall, but the numbers of new people moving into the community make it difficult to get an accurate count in planning the program. New residents are invited to register their children during the vacation period, Sheaff said.

Since a survey conducted in this manner is the only source of information available, the school department is anxious for the cooperation of residents in filling out the cards and returning them immediately.

WHAT'S IN A NAME?
'Orinda' Translates: 'Ethiopian Bread'

BY NANCY MACOMBER

Hardly any "diehard" Orindan exists now who, at one time or another, has wondered about the meaning of the name Orinda. Actually it's not a Spanish word, but, we'll go one further, Latin. It first appeared in a Roman cookbook—meaning Ethiopian bread. Not very romantic, we must admit. Orinda's first name was Bryant Station after a San Francisco mayor who had his country home at the Crossroads.

Orinda's first claim to glory was its appearance on the old local maps as Orinda Park. Orinda Park boasted of a one-room schoolhouse, a hotel (the long, low, one-story building opposite the entrance to El Toyonal on the Orinda Highway), a huffy little railroad, several homes, and real estate men's dreams.

EARLY HOTEL

The hotel, built by one of the early settlers, fell short of its builder's dream as a local oasis—it was too near the little schoolhouse for a liquor license. Instead it was used as a restaurant, and the rugs were rolled back on Saturday nights for the weekly "square dance." Orinda Park was a young girl's paradise; there were always more than enough men.

Whenever the city folks wanted to see "the other side of the mountain," they hopped on board the California and Nevada Railroad. The C. & N. began in Emeryville, puffed through San Pablo, snaked its way along San Pablo Creek, and collapsed at Orinda Park. The single track was laid in 1889 over a roadbed that would shame Orinda roads during "National Sewer Week." The promoters had planned to run the railroad to Nevada, but, due to the stockholders' latency to pay the coal bills and shell out capital for miscellaneous upkeeps, the C. & N. never got past Orinda.

ALL DAY TRIP

The train's first trip was in May of 1889. The schedule consisted of one round trip daily. It took all day for the asthmatic train to make the trip.) And when the tracks didn't fall apart or were washed out, or grass fires didn't burn the trestles, or cows didn't obstinately refuse to move off the tracks, the little train came and went on schedule.

Finally the Santa Fe Railroad bought the C. & N. for a right of way from Berkeley to San Pablo. Much of the original track is under the San Pablo Dam, and the old rock wall of the first terminal is the roadside boundary of the Robert Harrison residence on Miner Road next to the Santa Maria Chapel.

SANTA MARIA PARISH

Another historic landmark, the subject of many paintings, is the former private chapel of the Miguel de Laveagas. Now the Santa Maria parish, the little church was dedicated in the fall of 1892 when the woman responsible for its construction, Senora Marie Le Breton de Laveaga, lay on her death bed.

A devout Catholic, she felt that Orinda Park needed a church, and so it was built on Miner Road, near Bien Venida, the de Laveaga estate.

DE LAVEAGA BROTHERS

The names de Laveaga and Orinda are synonymous. The brothers de Laveaga, Miguel and Jose, forsook San Francisco for better climate in 1878. Having amassed a large "nest egg" for himself, Miguel brought his wife to Orinda Park and built a palatial twelve-room mansion. The building still stands next the ninth fairway of the Orinda Country Club, and it may be seen from Miner Road.

And, in the immortal words of Miguel de Laveaga: "Some day the land here will become too valuable to hold. We'll give it away and sell the climate."

Report Slight Tax Decrease in Sewer District Rate

The new tax rate required for general obligation bond service in Central Contra Costa County Sanitary District was reported at $0.513 per $100 assessed valuation at last week's meeting, which also covered a number of other matters pertaining to the district. This signifies a 10 per cent reduction in the rate for the past fiscal year.

The additional tax rate of 40 cents per $100 valuation for running expenses of the district, in effect for the past two fiscal years, will be unchanged. The amount estimated for such expense for the 49-50 fiscal year, $108,000, was approved by the board in June.

The $0.513 rate for bond interest and redemption is $0.063 below last year's rate.

HAPPY VALLEY DISTRICT

Directors also passed resolutions preparatory to establishing local improvement district No. 7, Happy Valley Area, with public hearings scheduled for August 4. This district includes Sunnybrook Drive Franke Road, Upper Happy Valley Road, Rahara Drive, Natasha Drive and Los Arabis Drive. W. E. Friberg was appointed right-of-way agent for LID No. 7. The legal notice is published in this issue.

The action was taken after discussion among board members as to whether the work could be completed before winter. District Engineer Clyde C. Kennedy said his organization has one more local improvement district about ready for proceedings to start; local improvement district No. 15, in the Reliez Valley area around Acalanes High School and Martinez cut-off.

Estimated assessed valuation of property in the District for tax purposes, including the Pacheco Highway Junction annexation, though not finally confirmed as yet, is $27,872,090. Breakdown of this figure shows assessed valuation of the sanitary district including all area therein prior to 1947 bond issue as $27,363,985. Pacheco Highway Junction annexation area has an assessed valuation of $508,105.

GLENSIDE PROTESTS

After two adjustments were authorized, the board continued until this week the protest hearing on assessments levied in local improvement district No. 11, Glenside Estates area. A group of property owners of this area, Frederick Beeson, Edw. Weiss, Ted Eggert, John H. and Joan G. Schneider and Harry J. Sommer, had protested inequity of distribution of assessments as applied to their individual property.

Request of the Downer Corporation for an extension of its contract completion time in LID No. 3 were granted by the board to the extent of allowing a 30-day additional period with the proviso the contractor reimburse the district for inspection charges during this period. These charges amounted to $3,465 during the last month.

ADDITIONAL SERVICE

District Manager John Mason was instructed to notify the Moraga Company that the board will give favorable consideration to the acceptance of additional cash contribution of $52,700 from the Moraga Company for the construction by the district of secondary trunk sewers to reach Moraga Del Ray via Moraga Townsite on or before July 1, 1951.

Authorization for preparation of an ordinance was granted allowing the district to assume jurisdiction over issuing of permits for and inspection of construction of septic tank installation in undeveloped and unsewered areas. The county health office had previously performed this function.

The claim entered by Colonel C. J. Herman for $4200 for injuries allegedly suffered from a fall into an open sewer trench near his home last month was referred to the insurance carrier and it was ordede that Downer Corporation, the contractor, be notified.

Judge Thomson's Roll Call Goes On and On and On

New additions to the list of traffic offenders secured at the office of Judge Thomson of Walnut Creek are: Mary Wild, Orinda, fined $1 for illegal parking on 6-21; E. Galvin, Orinda, fined $1 for illegal parking on 7-3; car registered to Wendall or Alta Olson, Orinda, illegal parking citation 5-25, fined $1; Roxana Doane, Lafayette, cited for illegal parking 5-26, fine $1.

Also given tickets and $1 fines for similar parking offenses were: William Drew, Lafayette; Harry Meinbress, Lafayette; Norene Leonard, Lafayette; John S. Hopkins, Lafayette.

Fred S. Otsuti received a citation for proceeding through a yellow light without caution and was fined $2.50 and H. A. Strawn was fined $10 on a speeding citation for driving 70 in a 55 mile zone on Tunnel Road.

Benjamin Mallory Reappointed to Personnel Board

Dr. Benjamin E. Mallary of Orinda was reappointed by Governor Warren to the State Personnel Board for a two year term.

Dr. Mallary, who for many years was a member of the Education Department of the University of California and is presently on the staff of the U.S. Civil Service Commission in San Francisco, has been serving on the State Personnel Board for over ten years.

The five members of the Board are constitutional officers whose duty it is to administer the laws and regulations governing the 47,000 employees who come under state civil service.

To carry out this function the Board employs an administrative officer and a staff of about 300 persons. The Board meets for two days twice a month, usually in Sacramento where its main office is located. Policies, wage scales and retirement pay are subjects discussed at board meetings.

A hearing officer is appointed to travel throughout the state to give employees an opportunity to bring any complaints they may have before the Board and briefs of the complaints are studied by the individual members prior to board meetings.

Why Go to Church, Topic of Sermon

The Orinda Community Church, now on its summer schedule of services from 9:30 in the morning to 10:30, has as its guest minister, Rev. Wade Kennon Tomme of the Pacific School of Religion. His topic will be "Why go to church." Mrs. Tomme, choir director, has arranged for a group of eight women to sing the beautiful song, "The Lost Chord."

Sunday School classes will convene as usual at 9:30 a.m.

ORINDA'S NEWEST SERVICE CLUB, the Orinda Rotary Club, officially received its charter May 30. But individual members of the new organization have long been active in civic projects. Charter members shown are (standing left to right) Bob Nordquist, Jack Snow, Walter Nicklas, Paul Pease, Karl Fitch, Victor Richit, Jack Buchter, Rev. Fred Morrow, Bill Seroy. (Kneeling left to right) Carl Friberg, President Merle Brown, Bob Welin, Keene Pettengill, Matt Andrews and Frank Olsen. Other charter members not shown in the picture are Ben Randall (who took the picture) Ed Hudson, Jim Hayward and Godfrey Bender. (Photo by Ben Randall)

Sewer Installation Progresses

Work under the direction of the newly appointed superintendent for Associated Electrical and Mechanical Company, contractors for sewer main installation in Orinda area, is progressing, according to reports from their Orinda headquarters.

Claremont, Crescent Drive, Berkeley, California, Stanton, Ardilla Road, Glen Willow Path, Vista Drive and Lomas Drive are all in the process of construction. Pipe has been laid in these areas and clean-up work is now in process. Jetting to make the trenches settle, flushing out of the pipes and final fill will be followed by the final step of paving. Installation of manholes is underway as another step toward ultimate completion of these areas.

Removal of excess dirt, digging of short trenches in difficult spots and general cleaning-up is a slow job, according to the office.

About 45 per cent of the job is completed, with more streets being marked each week ready for the final surfacing.

Camera Club to Start New Project

Contra Costa Camera Club members have planned another print show for August 23, with St. Mary's Chapel chosen as the subject, according to President Guy Spencer following the meeting held Tuesday night.

Reports were heard from Bud Dippo of Orinda Camera Shop and Mac McVicker on their attendance at the San Francisco Area Council, Monday evening.

MANY ENTRIES

Interest in the just completed project of photographing Santa Maria Chapel for scoring and judging by members was so great that club officials expect the new assignment to bring out many interesting and worth-while prints of the subject.

Individual members of the club expressed interest in the 1949 Mt. Diablo Photo Contest, sponsored by Rineharts, Contra Costa Shopping News and the Sun. The Club could not participate as a unit because of the time element involved. Deadline for the contest is July 31.

EXPERT TO SPEAK

Next meeting of the Club will be held July 26 at the Walnut Creek Coast Counties Gas & Electric Company auditorium. Dr. Ellis of Oakland, one of the foremost camera authorities, with membership in the Royal Photographic Society of Great Britain, and the American Photographic Society, will be guest speaker.

There will also be a review of the 39 prints of Santa Maria Chapel submitted at the last meeting.

The Club welcomes all interested in the camera hobby to its meetings.

Mosquito Control Cooperation Asked

The Contra Costa Mosquito Abatement District serving the area from Martinez and Pittsburg to Danville and Orinda, together with intervening territory, seeks the cooperation of residents of the District.

Anyone troubled by the presence of Mosquitoes is asked to communicate this with the District by telephoning Martinez 206 or writing Martinez P.O. Box 447.

Ernest Campbell, District Manager, reports that this spring and early summer has been the most difficult Mosquito summer in many years. The District is endeavoring to maintain a high standard of satisfactory service in both routine control and suppression of neighborhood or home grown mosquitoes.

These latter may come from neglected water or unapparent sources around homes. Prompt reporting of the presence of an undue number of Mosquitoes—after making sure they are not coming from water on your premises will greatly assist in the work.

New Bus Run Helps Commuters

Contra Costa County Commuters Association members are in a happier, and more rested, state of mind since the addition of the new bus run by Greyhound the latter part of June.

Several regular riders, members of the Association board, when questioned this week, expressed satisfaction at the improvement in service for morning and evening commuting business people. They added, however, that the adequate seating space may be partially due to the many riders who have gone on vacations and expressed hope that post-vacation months would not bring a renewal of seating difficulties.

An Orinda commuter said there were still occasional standees, but conditions were greatly improved.

More Families Move to Orinda

Among the families welcomed as new residents of Orinda are those of: W. C. Witter and William A. Wood on Crest View Drive; Harry A. Millman, La Cintilla; George Wacker, Loma Linda; George U. Wood, Brookbank; A. T. Mercier, Arbor Drive; Willis J. Miller, El Toyonal; C. L. Mac Intosh, Moraga Highway; T. L. Brown, Orchard Road; H. D. Rock, La Noria; A. C. Boyett, Van Tassel; Raymond W. Ickes, Miner Road; Gen. John R. Deane, Oak Arbor; Charles Hoorman, Camino Encinas; J. H. O'Brion, Las Vegas; F. R. Hart, Overhill Road.

Orinda Taxpayers' Membership Drive

The Orinda Taxpayers Association is in full swing of organization with the pledged intention "to keep members informed on all proposals of local importance, to the end that elective issues are decided by a true majority of eligible voters having full knowledge of the issue."

A membership drive is now underway with an annual fee of $2 asked for. The executive committee announces that the association is a non-profit organization, and that none of the funds raised will be spent for any purpose except to defray the actual cost of distributing information to Orinda voters. Various studies and investigations will be conducted without cost by resident volunteer committees.

Interested parties are asked to contact the Taxpayers Association, P. O. Box 206, Orinda.

Members of the Executive Committee are Lyle York, George Horton, Stuart Davis, William Boies, Julian Unruh, O. B. Miller and Kendric Morrish.

Faculty Chosen For Schools Here

Superintendent of Orinda Schools, Joseph Sheaff, announced the faculty rosters for both schools in his district this week.

Those teachers who have been selected for the Fall term opening of the new Glorietta School are: Elizabeth Haviside, kindergarten; Nadia Nicholaysen, 1st grade; Mildred Parker, 2nd grade; Mrs. Arthur Sutter, 2nd grade; Mary Seifker, 3rd grade; Margaret Moon, 4th grade; Margaret Anderon, 5th and 6th grades.

Instructors chosen for the faculty of Orinda Union Grammar School are: Tuulikki Marttila, kindergarten; Frances Davison, 1st grade; Ruth Lamborn, 1st grade; Paula Collings, 2nd grade; Patricia Caswell, 3rd grade; Agnes Gilman, 4th grade; Roberta George, 5th grade; Verna Givens, 6th grade; Frances Tighe, 7th grade; Marianne Skemp, 7th grade; William Medlen, 8th grade; Kendrick French, 8th grade and Frank Isola, physical education instructor.

Sheaff will be principal of both Orinda and Glorietta Schools.

Fire Damages Everest Home

An estimated $1,500 damage was caused by fire of undetermined origin at the home of Mr. and Mrs. George H. Everest at 140 Camino Don Miguel Sunday afternoon.

Joseph Sheaff, superintendent of Orinda Schools, who lives across the street from the Everest home discovered the fire which broke out in the basement while the family was away, and called the fire department.

Damage was reportedly confined to furniture stored in the basement.

HOME FROM VACATION

Mr. and Mrs. B. F. Barrows recently returned from a vacation at their summer home at Fallen Leaf Lake.

Report from Sacramento

BY ASSEMBLYMAN
ROBERT L. CONDON

Six months ago I wrote the first of this series of weekly columns in an attempt to provide better communication on legislative matters between the people of Contra Costa County and the Assemblyman they elected. At that time I stated I would attempt to be objective and try to avoid propagandizing of any sort. Now it is up to you to judge the success of my efforts and the extent to which I kept my pledge.

In this, my last weekly report, I would like to shed some of my objectivity and write of my personal reactions to the 1949 session of the California Legislature.

In the first place, I have enjoyed being in Sacramento. I think that I have learned quite a bit about the mechanics of law-making and about the forces which set the legislative machine in motion. I have met the lobbyists. I know the forces behind the votes of the individual legislator. And I am proud to have known and been associated with many fine men represent the people of this State.

On the whole, however, I feel the people's representatives have accomplished little in the past six months. Very few measures of state-wide significance have been enacted. Most of the successful bills were trivial and of concern to but a limited number of citizens.

Even so, the general pattern of legislation was progressive. Most of the bad bills were defeated. Some good legislation was enacted.

The colored margarine bill, the bills liberalizing workmen's compensation and disability insurance, the measures aimed at radical discrimination and the school program can be considered progressive steps.

On a purely local level, Senator Miller and I were successful in killing the bill which would have shut down our county's fishing industry; we added eight miles of county road to the State Highway system; we obtained State funds for the newly incorporated cities of San Pablo and Brentwood; and we had the Alvarado Adobe home in San Pablo taken into the State Park System.

This, then, is my final SACRAMENTO REPORT until the Budget session of the Legislature in March of 1950. At that time I will again attempt to report the doings of the Legislature.

But until then, I shall report to you monthly on the administration of these new laws; the work of the Legislative Interim Committees, the forces which retreat now from the Capitol to gather strength and think up new requests to the next Legislature; and on any other matter pertinent to California law-making.

In closing, I want publicly to thank Senator George Miller, Jr., for the assistance and guidance he has given me here in Sacramento. I am also deeply indebted to his very capable secretary, Mrs. Roberta Johnson, who most materially assisted me both in the preparation of this weekly report and in my legislative work generally. I have enjoyed writing this column and I hope that some of you have found it worth reading.

WATCH FOR THESE HAZARDS

If you don't want your 1949 vacation to become a burning memory, avoid poison oak and sunburn.

Some other hazards are worth forethought too, says Dr. Wilton L. Halverson, State Director of Public Health. For instance:

SUNBURN— Can be as bad as any other burn. Half an hour in the sun is probably all you can take to begin with. Even less if you don't tan easily. Don't let a foggy day fool you. The sun's burning rays cut through clouds like radar, and they reflect double-strength off water.

POISON OAK— Those lovely green plants abound in wooded areas below the 5,000 foot level. Spot them by their three-leaf clusters, some of which look like oak and others like ivy. If exposed, bathe all over with lots of soap and water. It helps to pat on a baking soda solution. Air your clothing and the clinging poison will slowly oxidize away.

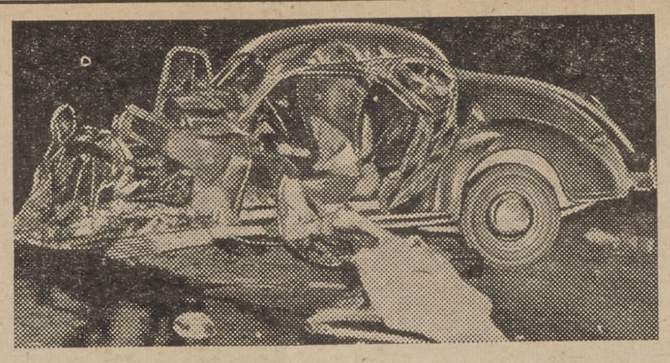
SNAKES— If you intend to vacation in rattlesnake country, take a special first aid kit containing antivenom and learn how to use it. If you are bitten, walk, don't run, to the nearest doctor — physical exertion after snakebite is dangerous.

WATER— Boil all drinking water unless you know for sure it is safe. The clearest of brooks may carry typhoid germs.

FOOD— Intestinal and other diseases are carried by contaminated food, milk and water. Don't drink unpasteurized milk or undercooked food. Don't buy that luscious-looking cream pie or cake from the restaurant that doesn't protect it from heat and flies — germs couldn't want a happier home!

SWIMMING— Don't swim after you've eaten. Children and young adults particularly should not swim too long at a time. Summer is polio season, and one of the few things known about polio is that it strikes most often when the victim is chilled or fatigued. Never swim in water which may be polluted.

Best general advice, concluded Dr. Halverson, is to study up on your first aid, but in an emergency get the doctor as soon as you can.



DARKNESS DOUBLES DANGER

3 out of 5 traffic accident deaths occur at night. Be especially careful at twilight when traffic is heaviest and visibility is poorest. Stay well over on your own side of the road and dim your lights for approaching cars.

Be Careful—the life you save may be your own!

Girl Scout Camp Sessions Planned

Miss Mildred Kerschner of Bonita will direct two sessions of camping for Girl Scouts from Alamo, Danville, Lafayette, Orinda, Pleasant Hill, Walnut Creek and Ygnacio Valley at Sky Meadow, Big Basin.

The first session from August 11 to August 22 has been filled to capacity. There are still reservations available for the second session commencing August 22 and ending September 2.

Miss Kerschner directed the San Diego Girl Scout Camp in 1948 and was urged by San Diego to return for the 1949 season of eight weeks. She decided to accept Diablo Valley Area's offer since the camp is late in the summer and for a shorter duration, according to Mrs. Fred Seulberger, Jr., Lafayette, chairman of the camp staff selection committee.

Pre-camp training for the staff commences August 4 at Sky Meadow, the oldest Girl Scout campsite in the State and owned by the Palo Alto Council; followed by two twelve-day camp sessions.

Girl Scouts will have a jammed-packed twelve day camping experience at Sky Meadow which will include crafts, hiking, cook-outs, unit living, group singing, land and water sports. The fee is $30 which includes the pre-camp medical by a physician in the camper's own town; transportation to and from camp by Blackwood Transportation Co. of Lafayette; heaps of girl-filling food prepared by Mrs. Lloyd Wax of Concord, cook for the past two summer camps at Big Sur; craft supplies for projects carried on while in camp; and services of registered nurse and an outstanding camp staff procured from all over the state.

Through the generosity of service clubs and organizations in this area camperships are available to help defray part or all of the fee for Girl Scouts who would otherwise be unable to have this camping experience. Information on camperships can be obtained by calling the Girl Scout office, Walnut Creek 3196.

Captain Sandford Sez:

"El Caballo Volante." The Flying Horse! This splendid group of juvenile equestrians have again accomplished a successful Trail Ride to the summit of Mt. Diablo and back to the point of commencement, the Wheeler Ranch near Walnut Creek. Last year 19 children participated and about 30 adults were there to observe, help or encourage the youngsters by their presence.

This year there were 50 children contestants and possibly 200 spectators. This splendid group of children riders have certainly made excellent progress. I just wonder how many of the children really appreciate what their parents have done for them in providing them with horses. I have been asked to refrain from mentioning any of the adults who helped to make this Trail Ride such a success.

And I will refrain . . . except in the cases of Mr. and Mrs. Fred Larsen and Gene Lockhart and his good wife, who, as the child President said, when thanking the judges, "wore themselves out running up and down the mountain." I must again disobey my instructions and give my unstinted praise to Joe Hallett and William E. Maderious for a very excellent job of judging. This was one time when I fully agreed with every decision the competent and tireless judges made.

A CERTAIN SCOTCHMAN, SEEKING TO GET RICH QUICK, put an ad in one of the famous Scotch agricultural journals stating he had a sure-fire method of killing snails positively guaranteed. Many eager snail owners who sent the required sum of money were not any too pleased on receipt of the gadget.

It consisted of two pieces of wood hinged at one end and the printed instructions told the purchasers to seize the snail between the thumb and forefinger of the left hand and place it between the boards, at the same time closing the boards smartly and removing the left thumb and forefinger. SNAP. And presto, no more snail.

Legal action against the inventor was not successful. After all the device sure did kill snails dead, positively.

I HAVE HAD THREE COMPLAINTS about moving my office. It seems that my Neon sign on Acalanes Road was an excellent method of instructing friends and visitors where to turn off the State Highway. I suppose maybe I'd better move the darn thing back.

Our Horseman's Paradise

The Bumpity-Bump Road to Health And Your Legal Rights on the Way

By ADA M. MORGAN

Cruising along Mt. Diablo Boulevard, near Upper Happy Valley Road, I spied a horseman. His nice looking bay was trotting along alertly. "Ah," I mused, watching them coming toward me, "here is the ideal relaxation for such a nice, warm, sunny summer day. Besides that, his liver's getting all that good exercise we used to be warned about getting — when we were attending school. What could be nicer."

We came abreast. I changed my mind about the good relaxation being sopped up by that rider. He evidently had read or heard or learned about Maniacs Boulevard; and that he'd have little chance of survival if his horse jumped one foot the wrong way. At least he was prepared for any emergency — with his hand clasped tightly around the saddle-horn. He was making sure that he'd not be left sitting by the wayside if his horse skittered a bit.

He was getting the exercise, however. It was because of one of three things: he was loose jointed, hadn't learned to ride, or his nice looking bay trotted like an elephant!

RIGHTS AS A RIDER

Several of this column's readers have brought to my attention the desirability of publishing something about the rights of horsemen on highways. Also that the July issue of The Horseman, official magazine for our California State Horseman's Association, requests that horsemen should do something about telling the public about the rights and privileges and the proper position of a horse on the highway.

So, after reading what that mag had to state and checking in the California Vehicle and Agricultural Codes, articles 423, 452, 555 and 532, I'm sure about the following quotes concerning this matter:

"The driver of a vehicle shall yield the right-of-way to any horseback rider crossing a roadway at an equestrian crossing designated by signs giving notice thereof as provided in this section.

MOTORIST'S PRECAUTION

"The driver of any vehicle approaching any horse-drawn vehicle, any ridden animal or any livestock, shall exercise proper control of his vehicle and shall reduce speed or stop as may appear necessary or as may be requested by any person driving or riding any animal or by any person in charge of such livestock in order to avoid frightening and to safeguard any such animal or livestock and to insure the safety of any person driving or riding such animal or in charge of such livestock.

(From The Horseman) "also we might call to your attention the proper position of a horse on a street or highway. A ridden horse is considered a vehicle, and should be ridden on the right side of the road as near to the right hand curb as possible.

"Better still, ride off the highway on the shoulder or additional right-of-way, if there is sufficient room. In some counties, it is illegal to ride a horse on the burms of a road. The burms being the raised shoulder which keep heavy rainfalls from running over the side of the road and deteriorating the bank of earth supporting the roadway."

YOU'RE NOT A PEDESTRIAN

Many horsemen beliece that the law states a horse should be ridden on the left hand side of the highway or road, the same as is correct for pedestrians. This is erroneous. I for one, however, believe this to be the safest and most logical place for horse and rider. Especially so when riding a colt or jumpy, nervous horse.

The rider can see and judge the speed of an oncoming car, how close it will probably be, and his mount also sees the vehicle approaching. I find that motorists are more careful as to closeness when a rider faces them. The horse isn't so apt to fear something he faces, nearly so much as something coming up behind, and this reduces hazard of sudden jumping of even the gentlest of horses on our speedy and heavily travelled highways.

ATTENDS CONFERENCE

Emery Lindberg of Hawthorne Drive leaves today for New York City where he will attend the conference of the Standard Development Group. He will be there for three or four weeks.

Lafayette and Orinda Riders Win Firsts in Trail Ride Test on Mt. Diablo

By ADA M. MORGAN

Yvonne Irwin, young horsewoman from Lafayette, took first place in the intermediate division of the junior competitive trail ride sponsored by El Caballo Volante, Walnut Creek, held over the past week-end.

Pat Pfieffer, Orinda, took first in the senior division, and Sonya Schutz, Walnut Creek, took first in the junior division.

50 RIDERS ENTERED

With fifty riders entered, the two-day, approximately seventy mile ride from Walnut Creek up and down Mt. Diablo, forty-four of the juniors finished to compete for coveted trophies donated by local horsemen and business firms.

Winners in the senior division, 14 to 16 years, were: 1st, Pat Pfeiffer, Orinda, riding Sammy Lou, an eight-year-old Quarter Horse mare, awarded trophy donated by Stan's Brick House, Walnut Creek; 2nd, John Knight, Vallejo, riding Kate, a seven-year-old American Saddlebred mare, awarded trophy donated by Parkel Lumber Co., Walnut Creek; 3rd, Aloha Saunders, Walnut Creek, riding Prince, a seven-year-old Thoroughbred gelding owned by Bill Burke, Walnut Creek, awarded trophy donated by The Concord-Mt. Diablo Trail Ride Association; 4th, Marion Troyer, Walnut Creek, riding Chiquita, nine-year-old Saddlebred - mustang mare, awarded trophy donated by The Clothes Horse, Walnut Creek.

LAFAYETTE GIRL FIRST

In the Intermediate division, 12 to 13 ys.; 1st, Yvonne Irwin, Lafayette, riding Suyie, twelve-year-old half-Arab mare, trophy from Mr. and Mrs. Harry Putnam, Walnut Creek; 2nd, Judy Rugh, Walnut Creek, riding Johnny, a six-year-old Pinto pony, trophy from Rinehart's, Walnut Creek; 3rd, Max Bennett, riding Babe, a six-year-old Standard-bred mare, trophy from Middleton and Carey, Union Oil, Walnut Creek; 4th, Sandra Logue, Walnut Creek, riding Toy Storm, a nine-year-old Thoroughbred gelding, trophy from Dr. and Mrs. M. C. Bolender, Orinda.

Junior division, 11 years and under: 1st, Sonya Schultz, Walnut Creek, riding Snap, an eight-year-old Arabian mare, trophy from Hendrick's Piano Co., Walnut Creek; 2nd, Duane Lockhart, Walnut Creek, riding Tina, an eleven-year-old part Arabian mare, trophy from Larson's Floor Covering, Walnut Creek; 3rd, Patricia Ruckavina, Redwood Canyon, riding Chip, ten-year-old gelding, trophy from J. T. Lucas Sales and Service, Walnut Creek; 4th, Robert Scott, Walnut Creek, riding Lady, a six-year-old Quarter Horse mare, trophy from Captain and Mrs. A. G. Sandford, Lafayette.

HORSEMANSHIP AWARD

The coveted horsemanship award went to Janet Philips, 15 years old, Oakland.

El Caballo Volante, the junior riding group sponsoring this yearly competition, puts great emphasis upon horsemanship during this endurance ride. Horses are inspected and scored upon points of conditioning for three days during and after the ride, and the rider is credited points toward the Horsemanship award by being given points for care of mount, grooming, handling so as to give him the most advantages upon the long, hot and hard ride, handling so that dangerous or unsafe positions in relationship to other horses and riders are avoided, completeness of necessary and proper equipment, etc.

SIX DROP OUT

Winners of the ride won their points through good condition and conformation of their mounts. Officials stressed the fact that a high degree of horsemanship ability and good sportsmanship was evidenced by the competing riders. Condition of mounts were good. Out of the fifty entered only six didn't complete the ride, due mostly to illness of riders incurred by the blazing heat.

The very close judging of the large group was carefully done by Dr. William Maderious, DVM, of Concord, and Joe Hallett of Lafayette, both well-known horsemen.

Mr. and Mrs. Fred Larson, Walnut Creek, assisted ride committees of El Caballo Volante in arranging the barbecue and many other details of the ride. Mr. and Mrs. Gene Lockhart, Walnut Creek, were official chaperons riding with the juniors on the trail.

MRS. HOLTON ENTERTAINS

The Lafayette Oaks Duplicate Bridge Club met at the home of Mrs. Lloyd Holton Wednesday. Substitutes for the regular bridge session were Mrs. Allison Miller and Mrs. John Milano. Members present were the Mesdames S. C. Utter, John Quarterolo, Milton Adair, Emerson Hail, Phillip Nemir, and the hostess, Mrs. Lloyd Holton.

Scouts Plan Fund Drive in October

October 1 to October 8 are the tentative dates set for an all-out Diablo Area Scout campaign for funds to meet 1950 budgets, according to T. K. Ulyatt, general chairman.

An annual event, the finance drive is organized in support of scouting in areas comprising Diablo District Boy Scouts and the Diablo Valley Area Girl Scout Council. Funds collected are equally divided between the two organizations.

The initial meeting of the steering committee composed of the finance committees of both Scout groups was held in Walnut Creek on June 6 to outline general procedure, preliminary plans and appointments.

OAKS BRIDGE CLUB

Mrs. John Quarterolo entertained members and guests of the Lafayette Oaks Bridge Club at her home on Hawthorne Drive Wednesday evening for dessert and a session of bridge. Present were Mesdames Griff Squire, S. C. Utter, Dwight Birch, Emerson Hail, Lloyd Holton, M. J. Garevich, Allison Miller, and the hostess, Mrs. John Quarterolo.

Marine Reserve Officer Named

First Lieutenant Norman A. Turley, of 23 Charles Hill Road, was appointed recruiting officer for Marine Fighter Squadron 141 for the Orinda, Lafayette, Walnut Creek area, today.

Lieutenant Turley announces that positions are open in the Reserve Marine Squadron for young men between the ages of 17 and 32 in the fields of aviation mechanics, electronics, hydraulics, administration, and other associated aeronautical functions.

Qualified applicants, when accepted, will be paid two full days pay for each of two drills per month, and will have the opportunity to attend two weeks of training at the Marine Corps Air Station at El Toro, California, at full pay and allowances.

Lieutenant Turley states that Marine Fighter Squadron 141 affords young men with mechanical aptitudes an excellent opportunity to develop technical skills in the field of aviation, and to earn extra money during leisure hours.

There is also the opportunity to take advantage of the Naval Aviation Cadet Program and Marine Corps Platoon Leaders Class, and become a commissioned officer in the Marine Corps Reserve, for those who are physically and mentally qualified.

Those who desire, and who qualify, will be eligible to take the competitive examination next Spring for entry into the U. S. Naval Academy at Annapolis, Maryland.

Interested applicants from the Orinda, Lafayette, Walnut Creek area, may contact Lieutenant Turley by letter, or phone Orinda 2754 evenings between 7 and 8, or contact Marine Fighter Squadron 141, Naval Air Station, Oakland Municipal Airport, Oakland, phone Sweetwood 8-7141, Extension 27.

Sanitary District Function Continued; Steps for Local Improvement Told

This second installment in a series explaining the functions of the Central Contra Costa County Sanitary District deals with question and answer information on improvement proceedings under the "Improvement Act of 1911," set out for the benefit of affected property owners:

1. WHAT WORK OR IMPROVEMENTS MAY BE DONE UNDER IMPROVEMENT ACT PROCEEDINGS?

Practically any public works (such as paving, sidewalks, sewers, fire protection, water supply and other construction which will improve the properties served by such improvement may be done under such proceedings when the majority of property owners consent in having the work done.

The Sanitary District has taken jurisdiction only over sewer work at this time, therefore questions and answers will be confined to the immediate problem of sewers and their installation under improvement proceedings.

2. WHAT IS A LOCAL IMPROVEMENT DISTRICT?

Such a district includes the properties affected and benefited by an improvement (such as the installation of collecting sewers) installed under improvement proceedings.

3. HOW ARE IMPROVEMENT PROCEEDINGS FOR THE INSTALLATION OF SANITARY SEWERS STARTED AND CARRIED FORWARD?

Improvement proceedings for installation of sanitary sewers are started and carried forward in the following steps:

a. By a finding of the cognizant Health Officer that unsanitary conditions exist in any given and described area with recommendation to the District Board that improvement proceedings be undertaken to install sanitary sewers in the described area

b. Resolution of the District Board confirming findings of the Health Officer.

c. Resolution of the District Board directing the District Engiher to prepare maps, diagrams, plans and specifications with estimates of costs to install sanitary sewers in the area described.

d. Resolution adopting official grade and datum for the work.

e. Resolution adopting plans and specifications for the work.

f. Resolution of Intention to perform the work and make the improvement in the area described in (a) and (b) and setting a date for public hearing on the matter.

This resolution is the basic action in the improvement. It names all streets, alleys, roads, rights of way and easements in which the work is to be installed and describes the work in detail and gives full notice to affected property owners of the intent to make improvement.

g. Publication and posting of the NOTICE OF IMPROVEMENT describing the work and the area to be benefited, and naming the time and place of public hearing.

h. Public hearing by the District Board. At this hearing the Board will consider all written protests against performing the work and may modify the amount of work and/or alter the area shown in the Resolution of Intention.

i. Resolution ordering the work to be done. This resolution is adopted after the public hearing and after the Board has considered all facts concerning the proposed work.

j. Advertisement for bids for the construction and setting a date and place for receiving bids.

k. Receiving and opening of sealed bids for the construction. The Board will then review the bids, compare them with the Engineer's estimate of cost and, if everything is in order, award the construction contract to the lowest responsible bidder.

The foregoing indicates the basic steps in carrying a local improvement up to the point of contracting for the construction of the work.

NOT POLITICAL

A Local Improvement District is not a political subdivision such as a City or Sanitary District, but simply the properties affected and benefited by public works installed under the improvement proceedings which properties will be assessed for the cost of the improvement.

Next week, the third in a series of articles to clarify the function of Central Contra Costa Sanitary District will be printed. The conduct of construction under improvement proceedings will be explained in a question and answer article.

TO LASSEN AREA

Judy Hall and Catharine Monroe left this week on the new Shasta Daylight streamliner to spend three weeks with Judy's parents at Hat Creek near Mt. Lassen. Judy has been visiting with Catharine since school was out.

RECOVERS FROM FLU

Terry Hall, son of Mr. and Mrs. Thomas Hall of Beatricia Road, just recovered from a light case of the flu.

Rev. Shaner Is Re-Appointed

The Rev. Harry Shaner was reappointed pastor of the Church at the recent Annual Conference held at the College of the Pacific. George A. Miller ends his Associate Pastor office and by election of the local Church becomes Pastor Emeritus, from this time forward. He will do half of the preaching and be available for consultation by appointment.

Rev. and Mrs. Shaner are on vacation in the high Sierras.

Newly elected officers of the Youth Fellowship were installed last Sunday evening in an impressive candle-light service and take over the summer and fall schedule of activities, including a number of new features.

Contributions are being received toward costs of installing a culvert in the open drain water ditch in front of the Church. This will be a substantial improvement in the looks of the property and the safety of travel on Moraga Road at that point, where the open ditch has long been an unsightly menace to safety and a hindrance to parking facilities.

POINTERS FOR LONG DISTANCE CALLERS

How you can save money on your cross-country calls — and help us give you still faster service

1. Even before you call, you can start getting the most for your money. It's a good idea to make a list of the things you want to talk about. A few handy notes can help make sure you won't think of something you really wanted to say—after you hang up. Experienced long distance users keep paper and pencil at the telephone and make notes while they're talking, too.

2. When you place your call, you can save time all around if you give the information to your long distance operator this way: First, the name of town you're calling...then, the number if you know it, or the address. (Good idea to keep a list of the out-of-town numbers you call most frequently.) Next, if it's a person call, give the name of the one you want to talk with. The operator will then ask your name and number.

3. When you complete your call, be sure to hang up promptly—and properly. If you remember to use these pointers every time you call long distance, you'll be certain of getting the most from your call for the least money. With really efficient use of the telephone, you can pack as many words into a three-minute conversation as you can in a letter—and you'll get an answer to your questions right away.

4. Wise use of the telephone — either local or long distance—helps you get the greatest value from it. And service is constantly growing more valuable. A local call is still just a few pennies. And you can make a daytime station call from coast to coast for only $2.50, plus tax.

SISSON DINNER GUESTS

Ralph and Laura Sisson entertained several friends at dinner Saturday evening. Guests were Mr. and Mrs. Fred Elkinton and their cousin from Philadelphia, and Mr. and Mrs. G. Chester Brown. The Elkintons had just returned from a two weeks vacation at their cabin on Echo Lake. Fred delighted the group with his stories, especially the story about the big one that almost got away, but didn't.

Here and There in Orinda

IMPORTANT GUEST

Mr. and Mrs. Challis Gore are enjoying the visit of their daughter Mary, Mrs. Edwin Shirey, of Los Angeles, and playing for the first time the role of grandparents to Mary's infant son William. The baby will be the center of interest at a tea Thursday honoring his mother. The tea will be given by Mrs. James Anderson.

"CALIFORNIAN" NOW

Mrs. James Anderson's guest for the summer is her daughter, Mrs. Cornelius Van Reen from Hawthorne, New Jersey, and her seven-year-old son, Neal. The youngster is boasting, "I'm a real Californian now!"

WEEK-END FOR MEAKIN

Mr. and Mrs. E. T. Meakin drove to Santa Barbara on Sunday where they spent a delightful three days.

CAMP FIRE GIRLS

Patricia and Margaret Zamloch are spending six weeks at the Camp Fire Girls camp at Celio near Nevada City. They are having a grand time swimming, hiking, and taking part in all the other camp activities not to mention the dandy meals.

BACK FROM HOUSTON

Mr. and Mrs. John Raymer and daughter, Patsy, returned to their La Campana home Monday following a five week business trip to Houston, Texas. The family reported an uneventful air flight to their destination and home again.

TOO HOT HERE

Some people move to Orinda to get away from the fog in town. Rita DeMartini French, of Orinda Beauty Shop fame, is moving back to Berkeley — she can't stand the heat!

AT DEL MONTE

Mr. and Mrs. Walter N. Boysen, Camino Sobrante, returned Friday after spending several days at Del Monte Lodge.

VACATION TRIP

Mr. and Mrs. Harry B. Oliphant and daughter of Woodland Road returned on July 5 after a vacation sojurn at Del Monte Lodge, Pebble Beach.

BOEHMS BACK FROM EAST

Mr. and Mrs. Arthur Boehm and their two children just returned from a months vacation which included visits to Pittsburg and Buffalo, New York.

ATTEND FORMAL DINNER

Mr. and Mrs. James A. Buckley of Walnut Creek held a formal dinner at their home on Rogers Avenue following the christening of their infant son, James Michael. The child was christened at the St. Mary's Church in Walnut Creek. Among the guests present at the dinner were Mr. and Mrs. William James Duncan of Orinda.

STANLEY ALLENS RETURN

Mr. and Mrs. Stanley Allen with their children, Susan and Dick, have returned from a two weeks vacation. Mr. Allen was in Fresno on business while Mrs. Allen and the children spent vacation days at Bass Lake.

BARBECUE DINNER PARTY

Mr. and Mrs. J. S. Fraser entertained with a barbecue dinner party last Saturday. Guests were Jack Buchter, Seaver Ballard, Leighton DeMaeyer, Dr. and Mrs. Kenneth St. Clair and Mrs. Kay McGuire.

BACK FROM TWIN CITY

Mr. and Mrs. Jack T. Rechtiene and their daughters, Carol Ann and Judy, just returned from a three week motor trip to Minneapolis where they visited relatives.

MRS. GRAY ON VACATION

Mrs. Elizabeth Gray of the Orinda Baby Shop recently flew to Burbank where she spent ten days with some friends.

BOB CLOUGHS RETURN

Bob Clough returned Tuesday evening from a visit with his sister and brother-in-law at San Diego and his parents in Beverly Hills. He was accompanied by his two older sons.

FROG DERBY TOWN

Mr. and Mrs. Don Hunter of 10 Orchard Court had a nice time recently at Angel's Camp in Calaveras County.

TO BEVERLY HILLS

Mrs. J. S. Fraser and daughter, Jacklyn, just returned from a week's visit with friends in Beverly Hills. They travelled by train to the south and returned by plane.

Jack Bariteau Takes 1st in Golf Tourney

Defeating Aldo Galletti of Oakland, Jack Bariteau walked off with first place in the Orinda Country Club's 21st Annual Invitational Tournament at the club last Sunday.

Bariteau, a two handicapper, who qualified with a 74, hails from San Jose. He made last year's quarter finals in the U.S. Amateur Golf Tournament.

CHAMPION AMATEUR

Runner-up Aldo Galletti, one of the best amateur golfers in Northern California, has won the Tilden Park and the Richmond Golf Championships and has done well in the State Amateur Golf Championships.

Bariteau, winning by a score of 8 and 6, birdied the first four holes in the morning round and never relinquished his 4 up lead. Jack Bariteau replaces last year's champion, Billy Ogden, who has just returned from the National Intercollegiate Golf Tournament at Ames, Iowa.

OTHER WINNERS

Also in the winning class was Jack Stoffel who defeated Don Doten in the Orinda Flight 3 and 2.

The other flights came out as follows: 1st flight—Ed Foley defeated Art Hammond 2 up; 2nd flight—Fran Watson defeated Dr. Henry Milo 2 and 1; 3rd flight—Al Scollard defeated Stan Worthington 2 and 1; 4th flight—Dr. Henry Newfield defeated Howard Williams; 5 flight—Charles Gillelan defeated John Brooks 1 up; 6th flight—Bill Van Deren defeated John Treynor 1 up; 7th flight—Fred Borden defeated Clayton Fish 2 and 1; 8th flight—Jack Bottomley defeated Jack Moylan 2 up.

Services Held For Fred H. Hood

Funeral services were held Tuesday at the Little Chapel of the Flowers, Berkeley, for Fred H. Hood, 87, member of a pioneer California family, who died Saturday at the home of his son, Albert Burnett Hood.

Hood and his twin brother, the late Frank B. Hood, were founders of the old Hood Canning Company in Emeryville in the early 1900's. He later was an Emeryville attorney, retiring several years ago. For the past year he had resided with his son at the latter's Boyer Circle home.

The Hood family has had an important part in the early history of California. An uncle, Jacob Smith, aided in drawing up the State constitution and the family was related to that of Peter Burnett, the first California governor.

His parens, Mr. and Mrs. Thomas Hood, came across the plains from Kentucky 102 years ago and settled in Sonoma County. Their eldest son was the first white child whose birth was registered in Sonoma County. Hood was also born there.

Besides his son, Albert, he is survived by two sisters, Mrs. Dora H. Burnett of San Rafael and Mrs. Caroline Guerne of Oakland.

Dr. Paul Reagor officiated at the farewell services. Inurnment was at California Crematorium.

Hilltoppers Plan Picnic, Club Party

Members of the Hilltoppers Club met at the home of Mr. and Mrs. Milton Adair on Hawthorne Drive last Sunday evening. Reports were heard from Lloyd Holton as to when bids will be asked for making connection with sewer lines which are being installed, and from Griff Squire, program chairman, on the July picnic to be held at Curry Creek this month. Plans are also underway for a group party to be held at the W. F. McGregor residence July 30.

A letter from the Lafayette Community Center group was presented to John Milano, president of the club, for consideration.

Legion Ball Club Beats San Jose

The Lafayette Junior Legion baseball team defeated Post 99 of San Jose 7-5 in a game played at San Jose last Sunday morning. The win sets a scheduled three game series at one all with the rubber game to take place on Sunday, July 24.

The local lads played a bang-up game in the field and at bat to set down the highly rated San Jose nine.

BOB FOX HITS 2 FOR 4

Bob Fox led the hitters with two for four while Art Johnson, Ken Jones, Clark McBride, Dick Breuner, George Guppy and Forrest Borghesani showed a hit apiece for the day's work.

Ken Jones rapped a long triple with the bags bulging in the fifth frame to score three runs and added a fourth on George Cockerton's long fly to center as he tagged up and scampered home on the catch.

BATTERY BOYS

Bobby Westlund, a portsider, threw the first three frames with Forrest Borghesani taking the duty in the fourth. George Cockerton was behind the plate.

This Sunday the team travels to Palo Alto and the following week it's San Jose in a double header.

GRANTER RETURNS TO AREA

Pvt. George Granter of 64 Brookwood Road, Orinda, will return to Oakland headquarters Sunday after two weeks active duty with marine reservists of Oakland's 12th Signal Company at Camp Pendleton.

Canyon Callings . . .

By PHYLLIS RICE

William Hoffman left Sunday for Sacramento. He expects to be working there for the next two months. Mrs. Hoffman is leaving Tuesday for Los Altos to be with her daughter, till the new baby arrives.

Mrs. Ethel Aszklar celebrated her birthday Sunday. She tells us she is twice times 14½.

Sharon Messick has returned frm a visit to Santa Cruz. Joan and Gail McKinley came back with her for a visit.

The Canyon Youth Fellowship held a dance Saturday. Mr. and Mrs. Pimentel won the waltz contest. Melvin Gloria and his sister-in-law won the jitter bug contest and George Curran won the prize. Everybody enjoyed themselves and are looking forward to the next dance.

Mr. and Mrs. Knipe and Mildred Pine enjoyed a day at the fair at Pleasanton. E. O. Musser flew to Oxnard with three other C.A.P. members on business. On his return he and his wife flew to Auburn where they were met by Dr. and Mrs. Victor R. Willey.

On the Fourth they left by auto for a trip to Fall River, where they attended a large picnic dinner. One of the party killed a rattlesnake while on a hike — it had 8 rattles and one button. There were 21 present for the fried chicken dinner.

We'd like to welcome Mr. and Mrs. Tony Gonzales to the Canyon.

Clair Meacham, Tom Rodriguez, Albert Cooper and son Kenny spent Saturday fishing. They went over by Rodeo and then over around Martinez. Understand the water was pretty rough and fish scarce.

Mrs. Dawn Hull has gone to Pasadena to visit her mother Mrs. H. E. Harwood for a couple of weeks.

New Building Started Here

The Orinda Crossroads business section will have a new addition this Fall. Construction was started last week on a new office and store building on Moraga Highway, near the Dykes Building.

Plans for the new structure, to be built at an estimated cost of $31,000, call for a frame and concrete building which will contain three stores at the street level and eight office units on the second floor.

Lockwood Construction Company of Oakland is builder-contractor for the owner, E. J. Land of 745-Third Street, San Francisco.

A. C. Petersen is superintendent of the job which has already started with trenches dug for foundation forms.

Lockwood Construction Company recently completed the Rheem's Building.

Clipper Club Hears Talk By Photogapher Randall

Orinda Clipper Club met July 8 at the William Penn Mott home. Feature of the program was a talk by Ben Randall on photography, its history and some of its most modern achievements. He also demonstrated the new Land camera within which a picture is developed one minute after being taken. He took pictures of a number in the group in this seemingly miraculous manner.

The new members initiated at this meeting were Edith and Horace Breed, Esther and George Mulligan, Peggy and Harvey Wehmeier, and Jean and Bill Thurston.

Refreshments were served by the Thurstons, Blues, and Beemans.

Family Portrait

IT'S FAMILY PORTRAIT TIME and Mr. and Mrs. Albert Maas, Beth and John smile greetings to the SUN Portrait photographer and to you. (Photo by Victorina Willson)

Introducing Mr. and Mrs. Albert Maas and their two children, Beth and John of Victoria Avenue. They moved to Lafayette eight years ago as they had always wanted to live in "the wide open spaces." All are very happy with their choice.

Mrs. Maas is a past president of the Lafayette P.T.A. and, at present, is radio chairman for the 16th District of the California Parent Teacher's Association. I was rather curious as to what the duties of a Radio Chairman were and thought the readers would be interested too.

Mrs. Maas explained that they endeavor to better radio for children's listening by familiarizing parents with programs on the air and teaching methods of good discriminating listening so they could voice approval or disapproval. In other words, the approval or disapproval is voiced by the individual parents themselves and the committee only tries to get them to actually listen to programs and then criticize or approve.

When Mrs. Maas attended the Western Radio Conference in San Francisco it was made clear that audience comment was considered very valuable. That for every postcard or comment received they felt it represented an audience of about 5,000. So that is one way we, as the audience, can encourage good programs and discourage the bad.

As an Investment Securities Banker with Blyth & Company, Inc., Mr. Maas works in San Francisco. He is a member of the Lafayette Dad's Club.

Both the Maas children are interested in music with Beth excelling at the piano and John playing the accordian. John is a Boy Scout and last year won a citation for having saved a 12 year old boy from drowning (he was 12 himself at the time). He also has been high point man in the decathlon for the past two years at Lafayette Grammar School. Beth is a member of the Girl Scouts and enjoys tennis and swimming.

NEW OAK SPRINGERS

Dr. and Mrs. James R. Hayward recently joined the Oak Springs swimming pool club.

Helen Marilyn Shutes and John Glover Exchange Vows at Santa Maria Chpel

Relatives and a few close friends were present at the last Saturday afternoon wedding of Helen Marilyn Shutes and John Ebner Glover, welcomed to Santa Maria Chapel where the ceremony was held, by the chiming of bells.

Marilyn's gown was of white marquisette, princess styled with a small round collar on the bodice, long sleeves tapering to a point at the wrist and a flaring skirt which was banded with taffeta faille ending in bows at each side of the panel that lengthened into a train. A snug-fitting faille cap held her finger-tip length veil and her white stephanotis and spathyphyllum shower bouquet, tied with maline, completed the picture of a charming bride.

ATTENDANTS

Pat Dana was Marilyn's maid of honor and bridesmaids were: Mrs. William Channell (Patty Christ, a bride of last month), Mrs. George M. Shutes (Suzanne Mosbey), Natalie Chambers and Mrs. Samuel Bonar (Betty Miller.) The bride's niece, little Lynne Shutes, was her flower girl. The attendant's frocks were of embroidered organdy over Mediterranean blue, with round collars and tiny cap sleeves. Blue sashes at their waists and their bouquets of regal lilies and pink larkspur, together with the flower headpiece worn in their hair, added to the graceful picture.

BRIDE'S PARENTS

Dr. Milton H. Shutes escorted his daughter to the altar down the aisle which was decorated with simple arrangements of white lilies. The bride's mother chose pearl grey crepe for her gown and her matching hat was accented by a flamingo colored feather. Her corsage was of white orchids.

Cousin of the benedict, Miss Mildred Johnston, wore a dress and hat of aqua, with lavender orchids completing her ensemble. Orchids were also a color note on the gown of Mrs. Harvey B. Lyon, the bride's godmother, who wore a gown of green crepe and a large brimmed hat of the same shade.

BEAUTIFUL SETTING

Woodland Lodge, the Lyons' home, was the setting for the reception which followed the wedding ceremony, with several hundred friends attending to honor the bride and groom.

Herbert A. Glover of Huntington, W.Va., was his son's best man, and another son, William, was one of the ushers. The bride's brother, George Shutes, Murray Forbes and Theodore Caldwell, also shared ushering honors.

The young couple left Woodland Lodge following the reception, their wedding trip to include a trip to Tahoe, Carmel and Rancho Santa Fe before they start East by way of New Orleans for their future home in David, Kentucky.

BIRTHDAY FOR HAAGENSON

Mr. and Mrs. Lee Mikesell of 33 Barbara Road had a dinner party on July 11th celebrating a friend's birthday. Charles Haagenson was the honored guest. Other guests were Mrs. Charles Haagenson, Mr. and Mrs. Kenneth Johnson and Mrs. Paul Leschiene, of Oakland.

All Around Orinda

WITH THE ROUNDER

WHEN YOU GET RIGHT DOWN TO IT, Orinda's stomach is obviously the major concern of the community. Orindans gripe about taxes, pooch troubles, bum roads and sewer costs—but when their stomach is affected, the atom bomb makes no bigger explosion than food conscious citizens.

Last week Park Pool members sizzled, ranted and raved, wrote notes and in general blew their collective gaskets when a sign appeared at the Park Pool entrance announcing the closing of the canteen after the existing stock was exhausted.

Rumors flip-flopped all over the place ranging from the absurd to the asinine as members yipped and yelled. "The pool board was closing the canteen because their own kids ate too much candy and spent too much money." "The canteen was going in the red despite dime cokes." "The pool board was merely scaring the day-lights out of members to impress them with the canteen's importance."

Everyone had an idea. Everyone heard a different reason for its closing. Everyone blew a cork. Everyone got into the act. Shakespeare should have been around. Or maybe he too belonged to a similar community swimming group when he wrote "Much Ado About Nothing."

PHIL DAVIS, OAKLAND AUTO MERCHANT and alleged driver of the boat that sheared off the little girl's legs at Tahoe has been a frequent visitor around these parts. And well known in our local nite spots.

MOST PERSONS go on a vacation. And usually—Bill Worden hopes—take a plane, a train, or a car. Not so Bill Friberg's mother. She recently arrived in Orinda aboard a Metcalf Transport. You probably saw it parked near the Village last week. That huge truck and trailer moving van from Minnesota.

THAT NEW BUILDING is under construction next to Wadsworth's realty as you probably know. Lila Murphy will be a tenant. Moves her dance studio in when the building is completed. As will a music and record store and a third store as yet unannounced.

LOOKS AS IF THE BETZ FAMILY, already up to their ears in local doings and responsibilities, will add another community obligation to their repertoire. ..Andy Blalock, who has his name prominently displayed in the Orinda News as it's editor, is now floating around some island on a bird hunt. ..And Betz apparently is going to be the bird that takes over Andy's job while Andy communes with nature and birdlife.

Andy, it seems to the Rounder, is wasting a lot of time. If it's queer birds you're after boy, come on home!

EVERYTHING CAN—AND DOES—HAPPEN IN ORINDA. Where else in the world would you see a very young duck strolling along a bar top? Happened the other night at the Crossroads when two squirrels that walked like men arrived—ordered highballs and a beer—upended an ice cream carton and out popped a protesting but reasonable facsimile of Huey, Duey or Luey.

The characters had their drinks but the duckling refused his beer, took a few staggering steps along the bar and nose-dived into the ice bin, while most of the customers present started looking up the phone number of the S.P.C.A.—and the rest closed one eye, looked again, and began hunting for the address of A.A.

NORMAN KEEP WON A JACKPOT on Treasure Tunes, MC'd by fellow Orindan Clint Sherwood, a short time ago, and included among the prizes was $250 worth of perfume, an orchid a week for a year, and $500 worth of dancing lessons. And Keep isn't going to keep'em. Figures he got along nicely for years without such little items, and has no intention of paying income taxes on them.

The Rounder can see another darned good reason for not accepting such things too. Can you imagine a lady with all that perfume to smell elegant under, and an orchid every week to pin on her shoulder, not wanting to do the town—while poor hubby's bankroll does a nose dive?

ESTHER ANDERSON LOST HER SWIM SUIT up at the Park Pool the other day. Fortunately—for Esther—she wasn't wearing it at the time.

WITHOUT FAN-FARE or money raising campaigns, the Christian Science Society starts construction of their new building just south of the Orinda School in a couple of week.

AND MRS. G. CHESTER BROWN is quite concerned about Orindans' patriotism. Suggests that a few of them go out and buy themselves a flag for display on the Fourth. Hers was the only one flying along the Orinda Highway on the last Independence Day.

IF SOME OF THE EAST BAY'S WHOLESALE grocery stores are wondering what happens to their salesmen when they visit this territory, it's because of the magnificent view they get in our happy little valley that they are detained. And the Rounder isn't speaking of the hills and trees. It's all those wonderful sights that meet the eye in Black's Market. And we aren't speaking of the merchandise either. The summer attire worn by some of our Orinda ladies is a sight to behold—if you can see it. And all those salesmen, we understand, are awfully glad that they varely can.

WE KNOW ORINDA has a lot of eccentrically shaped lots, but we uncovered the best one yet the other day. Lot No. 703 in Haciendas del Orinda is 1520 feet long—and 6 feet wide. And lot No. 705 is 1414 feet long and 6 feet wide. And then there's lot No. 704. It's 326 feet long—and 1 foot wide.

THE ROUNDER RECOMMENDS:

Anything you see on the CORRAL'S menu. But particularly that hot apple pie in a bowl with a slab of ice cream over it. Makes a quick snack an occasion. And also the service—something extra special. Harold Bloom's Corral is that friendly rustic spot just east of the Nido.

Those fresh caught flown-from-Nevada trout that the CASA serves.

And that ham sandwich on a roll with a bottle of brew that DON THOMSON dishes up at noon.
